Upon parent request & Doctor approval, we provide instructional services to students residing in a hospital setting within San Diego Unified boundaries (including sites not listed).

Our Mission

The mission of Home Hospital and Transition Supports School is to provide students with seamless instructional services while supporting their academic, social-emotional, and transition needs during a time of crisis.

Programs We Serve

Home Hospital & Transition Supports School provides a wide range of services for students who are in medical crisis or are in a transition facility. Education services are provided one hour per day under Home Hospital Ed Code Section 48206.3 or per facility hours for students in transition sites.

Home Hospital Sites

HOMEBOUND

Individual instruction for students that have a physician's recommendation for home based instruction due to the severity of their illness/disability and certification that they are unable to leave the home for reasons other than medical appointments. |

BERNARDY CENTER

Skilled nursing facility for medically fragile students. Students live there full time. Instruction is typically provided bedside due to the nature of the student's illness/disability.

UCSD EATING DISORDER CLINIC

Day treatment with two programs (child and adolescent).

DISCOVERY MOOD CENTER

Mental Health day treatment program for adolescents.

CENTER FOR DISCOVERY

Residential facility for students 16-18 with eating disorders and mental health needs.

RADY CHILDREN'S HOSPITAL

Hospital program for students undergoing medical treatment or recovering from injury who are hospitalized 5 or more days. Our services include the following units: Dialysis Unit, Medical Behavior Unit, Rehabilitation and Rose Pavillion.

RADY'S PAIN CLINIC

Residential treatment at Rady's to provide intensive treatment for students with chronic pain.

CAPS

In patient emergency mental health treatment.

SHARP MESA VISTA

Partial mental health hospitalization program (child and adolescent).

Transition Sites

POLINSKY CENTER

Residential living facility for students under age 18 that have been removed from their families through social services. Students may stay at their school of origin or enroll at SDUSD Polinsky school.

RONALD MCDONALD HOUSE

Living facility for families with a student who is undergoing treatment at Rady Children's Hospital. Students must prove enrollment in their school of origin or enroll at the SDUSD home hospital school to stay at RMDH.

STEPS

Day treatment program for students that display sexually abusive and trauma reactive behaviors run by the Mental Health Services program. SDUSD has contracts with various Districts.
